

David Heller Memorial Scholarship

David Heller was 17 years old when he died on November 23, 2005 as a result of an enlarged heart. He died peacefully in his sleep after playing a game of basketball at Central Catholic High School where he was a junior. David grew up in Scappoose, Oregon, attending school there through his freshman year. He was a child of many dreams and he lived and worked passionately to fulfill them.

David had a passion for life and particularly the game of basketball. We have chosen to honor David's memory by recognizing other youth that possess the same passion and spirit for life. David had an incredible work ethic both on and off the court. His enlarged heart was not just a physical ailment, he had the capacity to love, serve and help others in need. He wore a smile each and every day, taking time to treat all with respect. He did not stress about the future but took advantage of living in the moment, getting the most out of life.

Today, we give you an opportunity to dream as David did. Reach for the stars and embrace life as it comes to you.

Good Luck to you in your future endeavors and we wish you all of God's graces as you pursue your own dreams.

The David Heller Foundation
